

Personal Faith Statement for Sierra Pacific Synod Candidacy Committee
by Bill Wong

Every candidate is a child of God, created in the image of God, who is an earthen vessel, a clay jar with the capacity to incarnate Jesus, and is a temple of the Holy Spirit. A candidate's faithful desire to respond to God's call by entering the candidacy process makes this a holy journey. I rejoice in the privilege and opportunity to accompany and support candidates on this journey, while discerning with candidates the stirring and movement of the Holy Spirit in, among, and around them.
